Nutrition's Role in Sustainable Livestock Production Practices 2020

Let’s see how it works in the field!
Three field workshops related to the 2020 workshop topics

Wednesday, June 10, 2020  9 am to 12 noon
Stone Hill Farm, 265 Gendron Road, Plainfield  CT
Beef farm in Plainfield, CT raising 100% grass-fed pasture raised beef. We will get a look at their operation and hear first-hand how they rotationally graze their cattle.

Wednesday, July 29, 2020  9 am to 12 noon
Watson Farm, 455 North Rd., Jamestown, RI
A multi-species livestock farm raising grass fed animals (beef and sheep). We will tour their farm and learn about strip grazing as well as the sorghum sudangrass they plant for the summer slump.

Tuesday, August 18, 2020  9 am to 12 noon
UMass Agricultural Learning Center, 911 North Pleasant St.
Amherst, MA
UMass Agricultural Learning center - We will tour their silvopasture, which includes sheep and pigs within a chestnut grove.

Register for any or all of the workshops at
https://forms.gle/Q6MuG7xyyUH9y98x9 or by emailing jean.king@uconn.edu

These workshops are part of a 2017-2020 USDA/NESARE Professional Development Program Grant, a joint project among the Universities of CT, MA and RI.
